

OCTOPUS

SHORT BIO

The most explosive trio of Italian underground scene. Under its belt a live-DVD, a videoclip included in a brand new EP, and countless gigs around Italy and across the United States. The frontman Reepo (vocals and guitar), Garrincha (bass - former Le Vibrazioni) and Mr. Zed (drums) play a muscular, hormonal and irreverent English-speaking funky-rock of huge acoustic and emotional impact, characterized by a crushing and tight-knit groove. Octopus drives the audience with the malice and the inspiration typical of the great band, communicating passion, strain and an overwhelming lust for music without compromise, always warmly rewarded by the audience of every gig.
